These invisible
voices fascist are real
I don't know what else to tell you
I don't know how to explain it

these voices
these invisible beings
I don't know who they are
I don't know where they come from
I don't know what they are all about
though I sense it is something wicked
for they talk
and talk ceaselessly

they seek to shatter
the peace
the quiet
the calm
they seek to shatter sanity

they are like parasites that speak
a virus with a voice

they seek to dominate
to control
but why?

they lurk hidden
hidden in the world all around us
they feel assured
that they will remain hidden
as so few know of them
and who would believe
those that speak of them?
yet I tell you they are real
believe or do not believe
I know what I have experienced
